

## ***SAFETY BRIEFING CHECKLIST***

28 SEPT 2017

1. Treat this ride as a moving Flag Line. Please do not wave, take pictures, play music, rev engines, or smoke nor allow a passenger to do so.
2. Do not ride in the procession if you are not going all the way to the destination and ensure you are fueled up.
3. Motorcycles will travel in two columns, in a staggered formation
4. Never switch sides of the travel lane. Move forward to fill an empty position to maintain proper spacing. Stay behind the wheel in front of you-- -from start of procession until engines stop
5. Stay focused. If you take your eyes off the vehicle in front of you, it WILL stop
6. Be VERY conscious of LEO or escort services passing at high speed in the traffic lanes next to you – they may utilize either side of the procession. Be aware of loud sirens and horns which may startle you
7. If you must leave the procession for any reason, ensure the lane is clear before pulling out. Give a “thumbs up” if you are okay or a “thumbs down” if you need assistance. DO NOT attempt to rejoin the formation. Do NOT stop or pull out to aid a rider having problems (this includes accidents); stay with the procession. The Safety Officer will render aid
8. The use of four-way flashers or auxiliary lights are at the discretion of RC
9. You are the person responsible for your safety. Riders not comfortable with high-speed, formation riding should follow the procession at your own pace at the rear of the procession behind the family and other guests
10. The Mission Ride Captain has the authority to dismiss Riders for use of obscene, rude or otherwise unfriendly gestures or creating a dangerous situation with a motorcycle or cage
11. Does anyone have a question or not understand what was briefed?
12. If you observe any Rider coming in late who did not hear this briefing, direct them to a Ride Captain for this brief. No one rides in the procession without it
